Preparation App For All Exams

Happiness is the new rich. Inner peace is the new success. Health is the new wealth. Kindness is the new cool.

PRACTICE! PRACTICE! PRACTICE!

PUZZLES

Part - 2

#

1. A is ^S"n place(s)" away from B

➤ There is/are ^S"n - 1" place(s) between A and B

➤ Also, A can be above / below B as per the question

A is 5 floors
or
boxes away / above / below B \Rightarrow There are 4 floors between A & B.
or
boxes

→ n = any natural number

places = floors/boxes etc.

2. A is at a "gap of n place(s)" from B

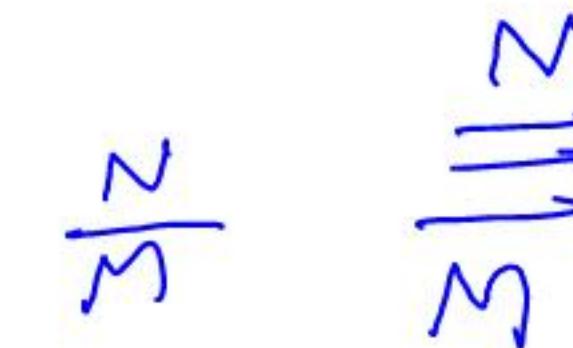

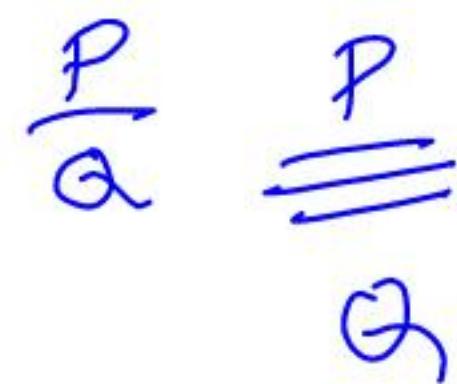

- There is/are exactly n place(s) between A and B
- Also, A can be above / below B as per the question

A is at a gap of 5 floors from B \Rightarrow There are exactly 5 floors between them
or
boxes

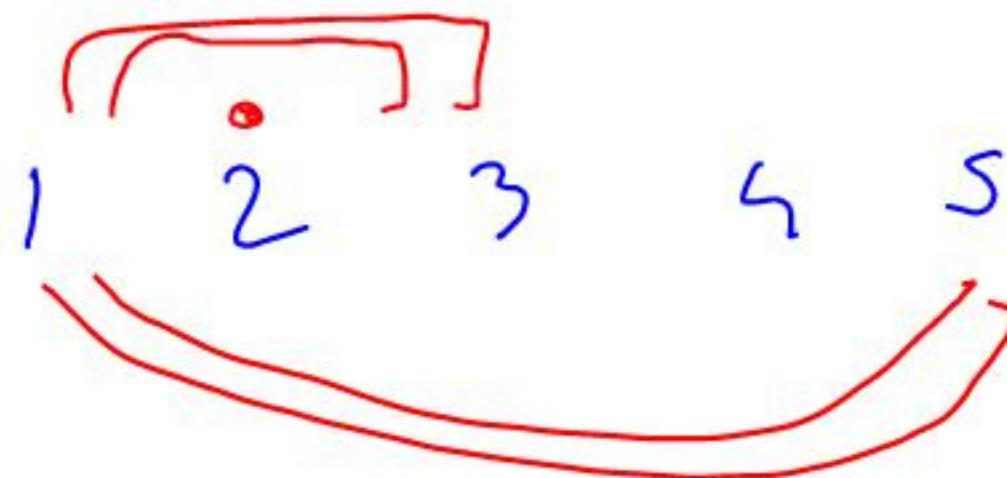

n = any natural number

places = floors/boxes etc.

3. Above/Below **does not necessarily means** immediately
above / immediately below.

4. Between does not necessarily mean exactly between.

B
O
H
F

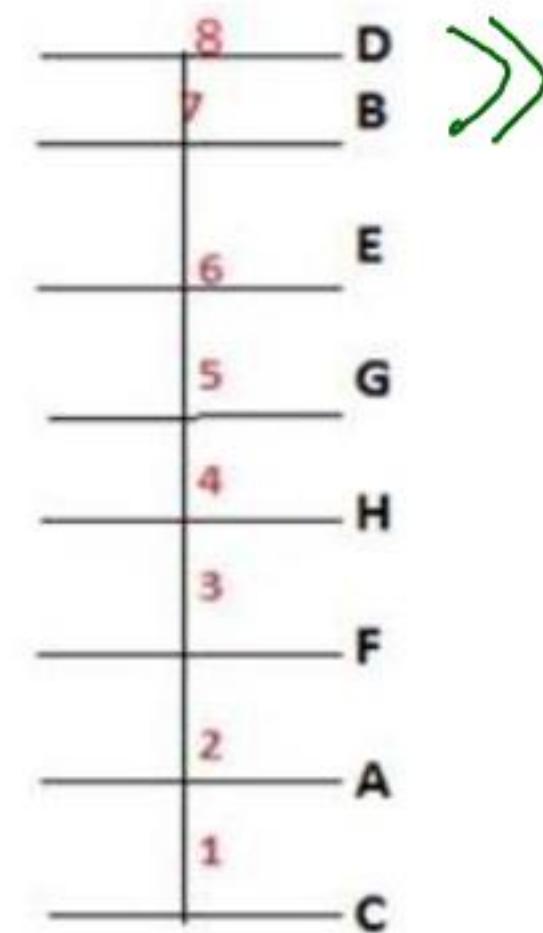

Direction: (1–5) Read the information carefully and answer the following questions:

Eight people A, B, C, D, E, F, G and H stay on an eight-storey building. The floors are numbered 1-8, in which the ground floor is numbered one, the first floor is numbered 2 and so on till floor 8.

The one who stays just above A is at a gap of two floors from E. Sum of A's floor and E's floor is equal to D's floor. D and G stay at a gap of two floors. B stays three floors above H who stays just above F.

1. How many persons live above E?

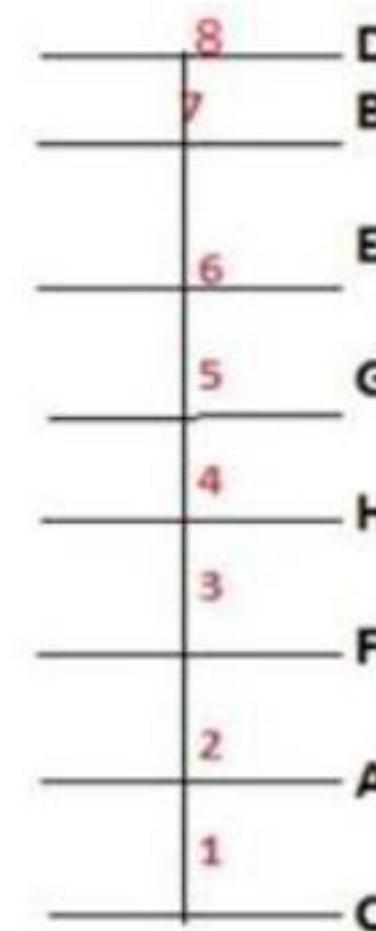

- A. 5
- B. 4
- C. 3
- ~~D. 2~~

1. How many persons live above E?

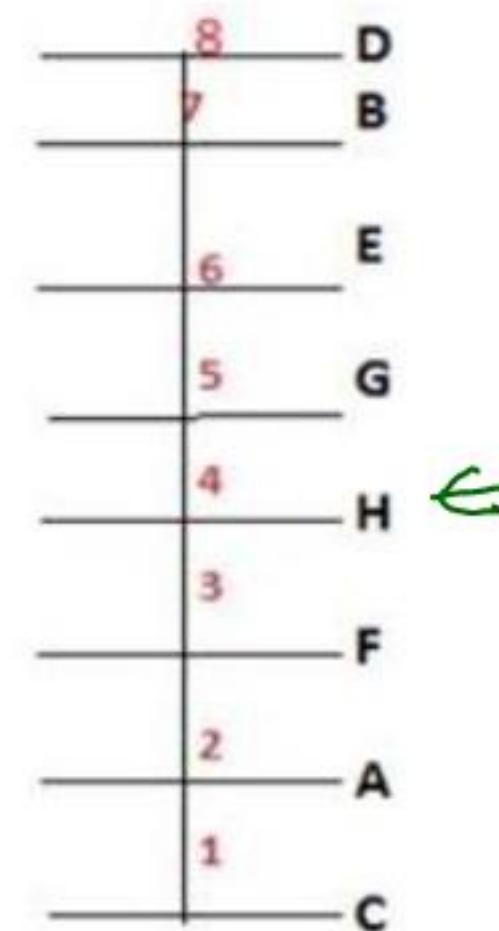

- A. 5
- B. 4
- C. 3
- D. 2

Ans. D

2. Who lives on fourth floor?

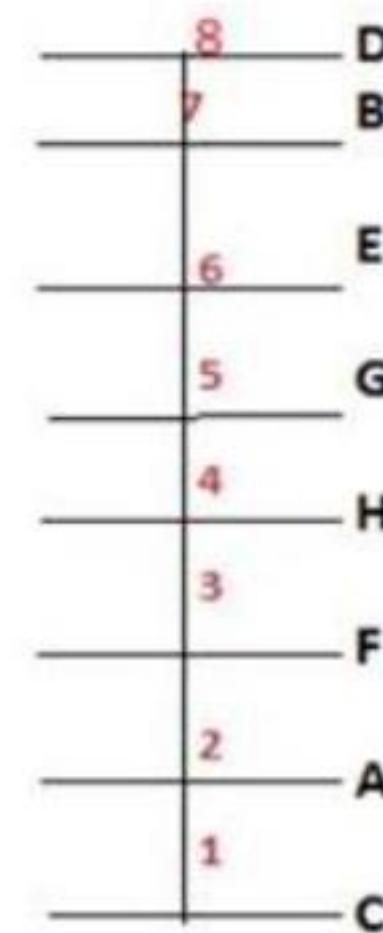

- A. A
- B. F
- C. H
- D. G

2. Who lives on fourth floor?

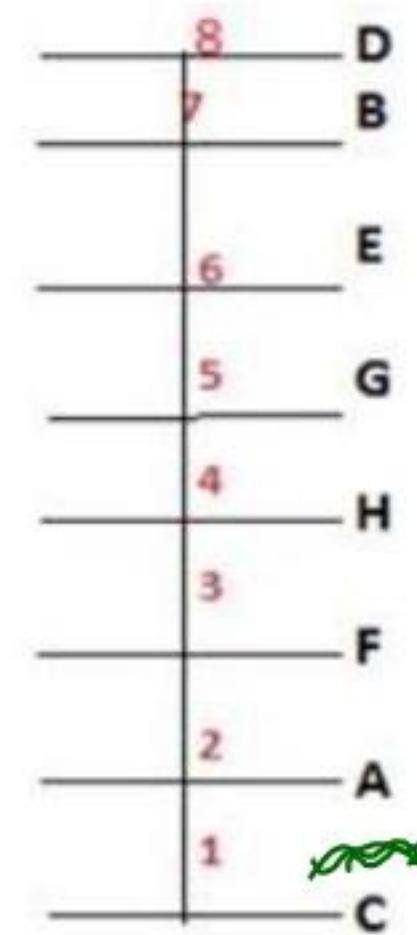

- A. A
- B. F
- C. H
- D. G

Ans. C

3. How many persons live in between C and A?

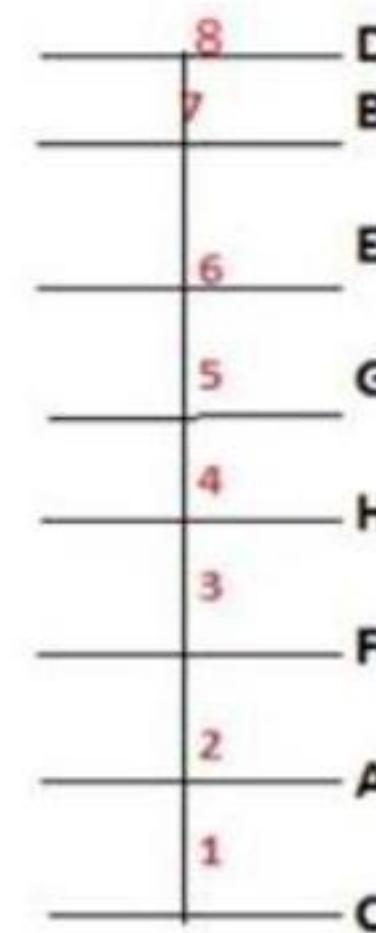

- A. 1
- ~~B. None (Ans)~~
- C. 2
- D. 3

3. How many persons live in between C and A?

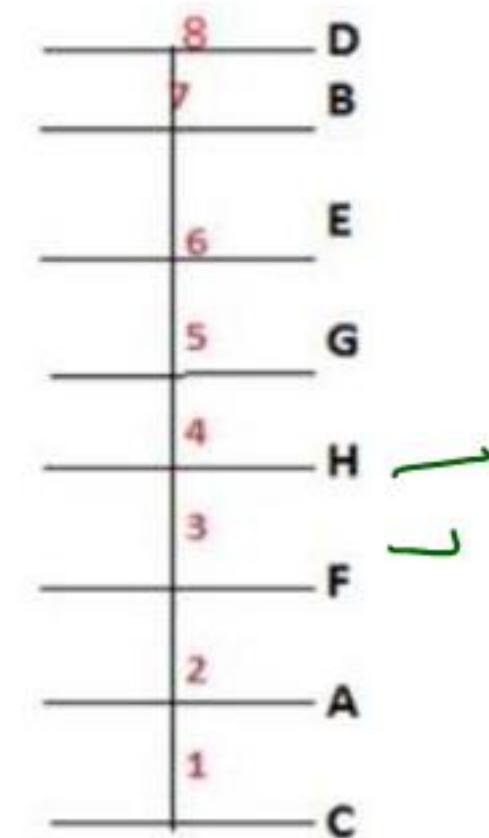

- A. 1
- B. None
- C. 2
- D. 3

Ans. B

4. Which of the following is correct with respect to the arrangement?

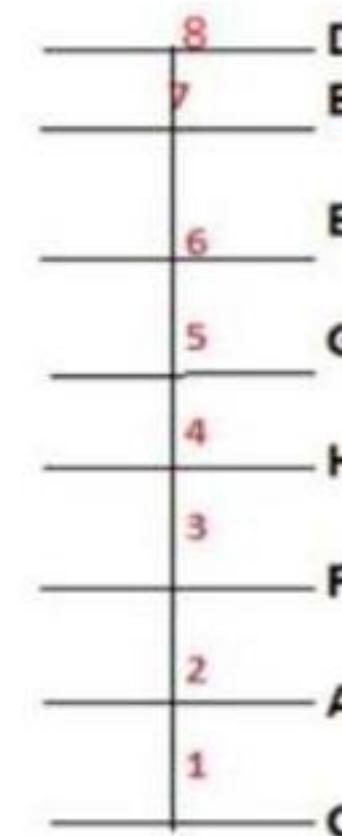

- A. B is in the topmost floor ✓
- B. A is in the lowermost floor ✓
- C. H is immediate above A ✓
- ~~D. There are two floors between A and G~~

4. Which of the following is correct with respect to the arrangement?

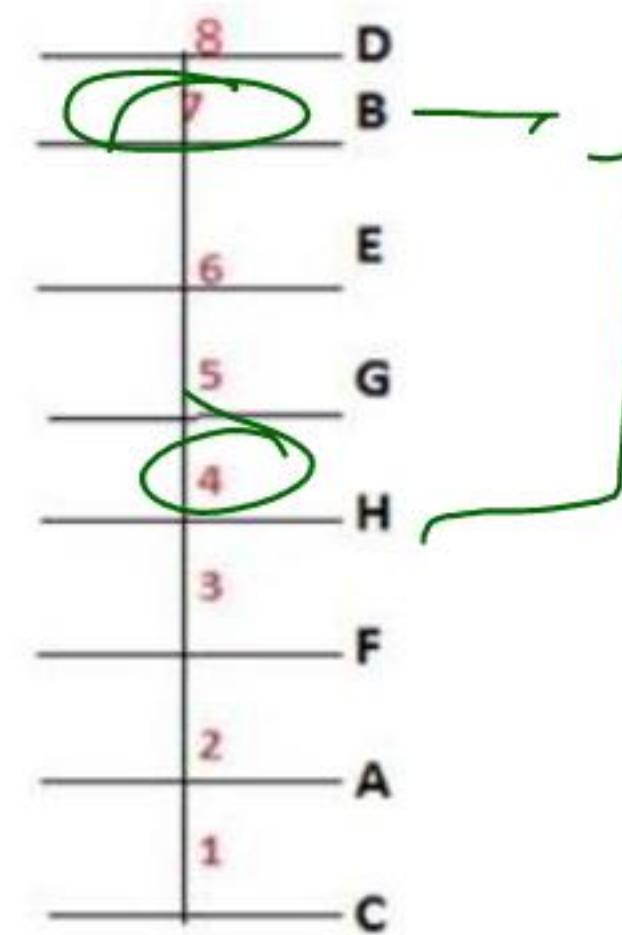

- A. B is in the topmost floor
- B. A is in the lowermost floor
- C. H is immediate above A
- D. There are two floors between A and G

Ans. D

5. What is sum of B's floor and H's Floor?

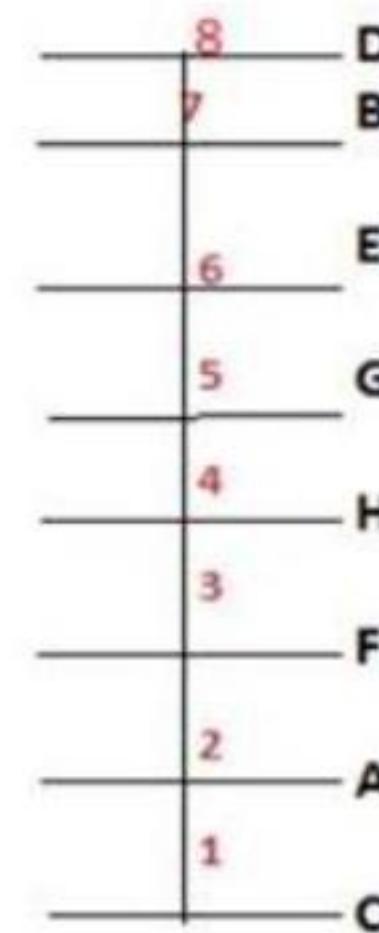

- A. 10
- B. 11
- C. 12
- D. 13

5. What is sum of B's floor and H's Floor?

- A. 10
- B. 11
- C. 12
- D. 13

Ans. B

1	C			

~~Z odd
L even~~

~~B odd
N odd
X even
C even~~

Direction: (6–10) Study the following information carefully and answer the questions that follow. L even

There are eight sweepers i.e. Z, X, C, V, B, N, M and L who work on different floors of a building which has eight floors. The first floor is grounded and the eighth floor is the topmost floor. L does not work on an odd numbered floor. B works on the odd-numbered floor but above the floor on which N works. There are 3 floors between the floor on which N works and C works. C works below N who works on an odd numbered floor. Z works just immediately above the floor on which L works. X works above the floor on which V works but not on the Topmost floor.

6. Who works on floor number 2?

- A. Z
- B. X
- C. B
- ~~D. L~~

diff month

More than 3 \Rightarrow at least 4
Direction (21-25): Read the information carefully and answer the questions below.

Eight persons i.e. A, B, C, D, E, F, G and H are having their interview on two different dates i.e. 4th and 13th of four different months i.e. March, April, July and October. All the information is not necessarily in the same order. Two persons have their interview between A and G who has interview on an odd numbered date. A has interview after D and before G. Only one person has interview after F. More than three persons have their interview between F and D. Three persons have their interview between D and C. More than two persons have their interview between A and E. H was born after B but not in the same month.

21. Who amongst the following has interview on 4th July?

- A. E
- C. A
